An Open Letter To Manuel A. Romero, Chief Administrative Law Judge and
Presiding Judge Dora Luna:
^^^^^
Point One. Introduction:
It is my strongest hope, desire, and goal to not sound rude, unkind, or to
show any disrespect as I make my following remarks.
```

It is also my strongest hope, desire, and goal to communicate with you as truthfully and clearly as I possibly can so that you would understand what I am trying to say to you and thereby no misunderstandings between us develops any more than it already has.

^^^^^

Point Two. The titling of this letter:

The title of "An Open Letter To Presiding Judge Dora Luna:" is for the reason of that when we posted this letter to at the very least OpenLetters.org website of CITIZENS FOR A BETTER AMERICA(R) (CFABA.ORG) that no one would be confused as to who we were speaking of.

^^^^^

Point Three.

Background information:

Administrative Law Judge (ALJ) Jennifer Phan called me for a telephone hearing on February 15, 2018 which I recorded both sides of the hearing conducted on the phone [01] by telling (ALJ) Jennifer Phan that I was doing so on my side just like your governmental entity was doing on their side.

I immediately requested that I be allowed to have subpoena authority per e-mail of Oscar Ochoa:

"2017-12-27 10:29

Good morning Mr. Robert Colaco, as per our conversation yesterday afternoon, you requested information on how to request a subpoena for your hearing(s).

Attached is the "The Hearing - General Rules and Procedures", page 113, in regards Section 22-051.5 After the hearing has commenced, the Administrative Law Judge assigned to the case shall be permitted to issue a subpoena or subpoena duces tecum as necessary." [02]

This did not happen because you Presiding Judge Dora Luna blocked me to be able to subpoena the individuals at LA DPSS who have done terrible things to me which have the appearance of taking revenge on me because I have held them accountable for what I call "bad behavior". As per the governmental document [02] that I received that stated that I basically needed to ask for that subpoena authority at the beginning of the hearing. I did what that governmental document [02] stated what I needed to do which was to ask for that subpoena authority at the beginning of the hearing by telephone. (ALJ) Jennifer Phan went to you and had a conversation with you which in its conclusion you requested that I call a "Joyce Harris" at the phone number of 213-833-2223 between the hours of 7:00 AM to 3:00 PM I did so on February 21, 2018 at 2:06 PM [03].

Question:

Why did you Presiding Judge Dora Luna do what you did through the (ALJ) Jennifer Phan which was to ask me to call Joyce Harris which by all the evidence that is available to me you did not at the very least facilitate me actually talking to Joyce Harris and at the very worst potentially telling Joyce Harris to not return my phone call.

## Answer:

I had not received a return call from Joyce Harris when another hearing date was scheduled for March 15, 2018. I requested a postponement because I came to understand from the conversation I had with (ALJ) Jennifer Phan that I needed to speak to Joyce Harris. (ALJ) Jennifer Phan did not tell me why I needed to do so but it was crystal clear that I needed to do that

It appears that by all the evidence that is available to me that you Presiding Judge Dora Luna created a scenario where you could entrap me to do something that by all of my track record of being highly principled that I would do exactly what you thought I would do by requesting a postponement of that hearing on March 15, 2018 because you could have told Joyce Harris to not return my phone call. All of these actions Presiding

Judge Dora Luna appear to have the appearance of serious impropriety. Impropriety of Fraud:

- "Fraud \Fraud\ (fr[add]d), n. [F. fraude, L. fraus, fraudis; prob. akin to Skr. dh[=u]rv to injure, dhv[.r] to cause to fall, and E. dull.]
  - Deception deliberately practiced with a view to gaining an unlawful or unfair advantage; artifice by which the right or interest of another is injured; injurious stratagem; deceit; trick.
     [1913 Webster]" [04]

You, Presiding Judge Dora Luna by all the evidence that is available to me committed a fraudulent act to injure me so that you could make my request to have subpoena authority just go way so that I would never have the opportunity to make sure that what happened to me would not happen again.

^^^^^

#### Point Four:

You, Presiding Judge Dora Luna by all the evidence that is available to me committed a fraudulent act to injure me by having my cases:

Just go away or disappear by "refilling" [05] those cases when you knew full well at your "Deception deliberately practiced with a view to gaining an unlawful or unfair advantage" [04] would force them to be trashed.

^^^^^

#### Point Five:

I am not a lawyer but what I do know about the ethics of what lawyers and obviously judges need to have a standard of you have failed at miserably. So, I am requesting that you either resign your post or be held accountable for your fraudulent acts. As a result of these acts I am requesting a change of venue out of the area where you are presiding judge to San Diego since you, Presiding Judge Dora Luna by all the evidence that is available to me cannot be trusted.

I now need to use the lowest form of legal language that I can possibly communicate that legal language goes as follows:

I am kindly requesting that you allow me that time, if a kind request is not sufficient, considerate it a request, if a request is not sufficient consider it a demand. I will stop at this point since it appears that I have offended those in private enterprise as well as government agencies when I have said more. Under the same language that I have just written would your office either send me an e-mail telling me that you are allowing me that time or calling me and letting me know that. As what recently occurred with the Dept of Transportation of this State of California. As a result I am sending this Open Letter to those that normally receive such correspondence but beyond that I am also sending it to the Governor as well as the Attorney General of the State of California.

^^^^^

## Point Six:

It would appear that what you, Presiding Judge Dora Luna did by setting up a scenario where you would have control over whether something was accomplished was completely in your hands all of that did not basically count for me to have a postponement.

So, I finally have received what I have named "A top grade military secret" which is under what circumstances or conditions a postponement can be had for good cause. That good cause in this case is number "3. SUDDEN AND UNEXPECTED EMERGENCIES." [06].

My sudden and unexpected emergencies was that my awesome wife Gail had a problem with her eye. We made an appointment with an ophthalmologist Dr. Sheila Scott [07], March 12, 2018. Dr. Sheila Scott's recommendation was to get a referral to see a specialist ASAP from our primary care Physician's office at high desert regional health center. After consulting with them they suggested that we go to UCLA Olive View Medical Center emergency department which we did on the day of the hearing, March

15, 2018. Please see [08], [09], [10]. So, the bottom line here is that
I was unable to attend this hearing I needed to take my wife to the ER at
UCLA Olive View Medical Center.
^^^^^
Point Seven:
"The claiment did not request the postponement on or before the date of
scheduled hearing." [11]. THIS IS FALSE. [12].
Thank you for your help in this matter.
