INTRODUCTION: It is my strongest hope, desire, and goal to not sound rude, unkind, or to show any disrespect as I make my following remarks. It is also my strongest hope, desire, and goal to communicate with you as truthfully and clearly as I possibly can so that you would understand what I am trying to say to you and thereby no misunderstandings between us develops any more than it already has. To that end if you believe there is a misunderstanding or something does not make sense to you, please do not hesitate to call me. It is however my complete and total expectation that you would have read my entire letter, not just skimmed it, or done something like just looking at the first and last paragraph. Since at the very least we have had a misunderstanding I do want you to know that if you do call me I will be recording the phone conversation, available to you upon your request something that I believe that I have done with you and the employees better under your supervision. 02. Links to documents we discussed today. I believe that the names of the documents are adequate to be able to ascertain what the documents are. Since you asked this question on more than one occasion during our two

hearings, please include all of these documents as the exhibits and include them in the record. Thank you again for the time, energy, and effort you took during our two hearings:
