

01.01. It is my strongest hope, desire, and goal to not sound or be rude, unkind, or to show any disrespect as I make my following remarks.

01.02. It is also my strongest hope, desire, and goal to communicate with you as truthfully and clearly as I possibly can so that you would understand what I am trying to say to you and thereby no misunderstandings between us develops any more than it already has.

01.03. To that end if you believe there is a misunderstanding or something does not make sense to you, please do not hesitate to call me.

01.04. It is however my complete and total expectation that you would have read my entire letter, not just skimmed it, or done something like just looking at the first and last paragraph.

01.05. Since at the very least we have had a misunderstanding I do want you to know that if you do call me I will be recording both sides of the phone conversation, available to you, upon your request.

01.06. You may or may not be aware that I am not a lawyer and do not have the training to be able to speak to the issues that I am discussing in this Open Letter and would obviously not be presenting either the arguments or the ways I am presenting them to a potential audience of a lawyer(s) here.

01.07. You may or may not be aware that I am having to use "Speech Recognition Software" to write this Open Letter. In a sound bite I have been diagnosed with a condition called "severe diabetic neuropathy". So, bottom line my hands can no longer type the 150 words per minute. Hence the use of "Speech Recognition Software". This software is about 25 to 40% accurate and as a result takes a great deal of time for me to be able to write this Open Letter. It is also such that if you find something that doesn't quite make sense please accept my apology that I have missed catching that error.

01.08. It is my hope that I communicated with enough passion to clearly communicate to you all as well as to the county representatives that I thought that what has occurred to me would not occur to any one else. In Los Angeles County that represents about 3.5 million Los Angeles County residents. In the State of California with about the same percentages working that would represent about 35% of California's population. I have stated to Judge PALOMARES, conducting the telephonic state hearing on July 2, 2018 in more than one Open Letter the following: "You, Judge PALOMARES told me in our second hearing that you and Administrative Law Judge (ALJ) Andrew Carroll were at the same level. It is certainly my overwhelming preference that you share my communication, passion, and frustration as to what was done to me at the hands of the employees of Los Angeles County Department of Public Social Services (LACO DPSS) as well as the leadership of your own government entity."

01.09. I have also stated to Judge PALOMARES:

02.01. In my 20180510_2346_Open_Letter... [02] I made the following statements:

"

Point Two. The titling of this letter:

Why I missed the last hearing date on April 26, 2018.

I discovered that I had a hearing on April 26, 2018 while at UCLA Olive View Medical Center that my wife had. Yes, that is correct I discovered of the hearing date of April 26, 2018, on April 26, 2018.

The first document is an appointment letter that was postmarked on March 16th 2018 for the date of April 26, 2018

20180404_OLIVE_VIEW_UCLA_EYE_AND_ENT_GC_FIRST_LTR_APPT_20180426_1300

The second document is a signed doctors slip.

02.02 In response to your e-mail dated Mon, August 27, 2018 11:34:

"First, I want to thank you for agreeing to the time waiver at ALJ Palomares request."

02.03 You are welcome. I have communicated on numerous occasions that rushing to make a judicial judgment we as a nation do not end up with a good judicial decision basically because judges are in a mad rush.

02.04 In response to your e-mail dated Mon, August 27, 2018 11:34:

"Judge Palomares states that there was no link provided in the email you submitted for those documents. He would like to know if you would be willing to resubmit

those documents?"

Judge Palomares, you are correct in that there were no links present. The reason for that is that they were sent within the e-mail as attached files. So, since Mary Havey has already stated in a letter that they will not open any additional attached files more than likely because of your statements that you made during our telephonic state hearing on July 2, 2018 about the entire issue of retaliation on their part of sending them the annual Medi-Cal redetermination.

Judge Palomares, we discovered that by giving file name such as the two above the first one starting with 20180404_ and the second one starting with 20180426_ that policy was creating problems by basically miniaturizing the print in these Open Letters and emails sent to your government entity or (LACO DPSS). By the way the March 16, 2018 postmark is on page three of four of the file starting with 20180404_!

Judge Palomares, I have said all of that to basically say that we have posted the above files and change their names as follows:

Previous file name:

20180404_OLIVE_VIEW_UCLA_EYE_AND_ENT_GC_FIRST_LTR_APPT_20180426_1300

Current file name for the same exact file:

20180404_OVMC_EYE_GC_APPT_20180426_1300.pdf
[03].

Previous file name:

20180426_OLIVE_VIEW_UCLA_EYE_GC_APPT_VERIFICATION_20180426_1300

Current file name for the same exact file:

20180426_OVMC_EYE_GC_VERIFICATION_20180426.pdf
[04].

02.05

Judge Palomares, obviously I have done what you have asked me to do. Which is to permanently get those files to you. However, I am really seriously confused since I sent my 20180510_2346_Open_Letter... [02] to the following two individuals at your government entity and they are as follows:

"Admin Asst. Hernandez, Tina@DSS" <Tina.Hernandez@dss.ca.gov>,"ATTN: LAURA POSITION NUMBER 8" <SHDCSU@DSS.CA.GOV> that without using the big a horrible "S" word, Speculation it means those emails disappeared or something happened to them. It is those reasons why I am leaving 03 to 05 directly below in this Open Letter and not removing them.

02.06

A phone conversation which was recorded on both sides with Mr. Ochoa (State Appeals Specialist) with (LACO DPSS) to encourage him in the strongest possible communication that for myself, Robert Colaco to not be aware of another state hearing is completely, totally, and overwhelmingly not acceptable [05].
